WHEELER IS RAMPANT

Kentucky Congressman Makes a Sensational Speech in House.

IS FULL OF SARCASM

He Charges the Administration With Being Led into Entanglements by a Former Cabinet Officer, by Praises Roosevelt.

Washington, Feb. 15.—When the house met today it was agreed that when it adjourned it would be to next Monday.

Mr. Payne, the floor leader of the majority, gave notice that on Monday he would call up the bill for the repeal of war revenue taxes.

This being pension day the house then went into committee of the whole and took up the consideration of private pension bills on the calendar.

During the debate upon the pension bill, Mr. Wheeler of Kentucky created a sensation by a speech denouncing the attitude of the administration and the state department in connection with what he termed the recent "exposure of the attitude of Great Britain toward the United States."

Mr. Wheeler excoriated on what he termed our modern disposition toward "European funkism." Until 1896, he said, all Americans had gloried in the splendid isolation of the republic and its determination to hold aloof from foreign entangling alliances. Less than five years ago, he declared, a president, "egged on by a pitiable funk in the state department," had stretched his arm across the seas on the adulation to the people of Great Britain, and today the government was bugging to its bosom a nation that since the battle of Yorktown had systematically and persistently plotted our downfall.

He sneered at the "shoulder-strapped gold lace funkies" who were to be despatched across the Atlantic to bend the knee to and kiss the hand of the English king, whose government he declared had attempted to form a coalition of European governments to thwart us while we were seeking to strike the shackles from Cuba. Honest, straight forward American diplomacy, he declared, had given way to European diplomacy.

He said he respected the present occupant of the white house. He was, he said, too straight forward for many of his party colleagues, slightly quixotic, perhaps, and hasty tempered, but honest and brave enough, he thought, to "root out that man in the state department who had brought us to this humiliating position."

Turning to England's war in South Africa, he denounced her tyranny and the part we had in it in allowing war material to be shipped from our shores. "If half that was said of 'this man Pauncetote' was true, he declared, he ought to be shipped across the water, and 'the sooner the better.'"

Referring to the report that a member of the president's family was to attend the coronation, Mr. Wheeler said it was perhaps unbecoming to allude to it, nevertheless, he said, he considered it unprecedented and to be lamented by every liberty-loving American.

Mr. Wheeler then turned to the prospective visit of Prince Henry. With a gesture of contempt, he declared, "European maniacs are falling over each other" to see the "Little Dutchman." There were thousands of Americans following the ploy, he said, who are honest and noble as he and why, he asked, "should American people give heed to this funkism of the present administration? We should treat our visitors politely, but why fall down and worship them?"

The whole house was aroused by Mr. Wheeler's philippic. Several times the Democratic side burst into applause.

Mr. Boutelle of Illinois vigorously defended the head of the state department. Excitement then subsided and consideration of the pension bill was resumed.

SMUGGLING CHINESE.

Work Going on With Renewed Vigor in British Columbia.

Port Howland, Feb. 14.—The smuggling of Chinese from British Columbia continues, and a number have been recently landed on the numerous islands between here and the British possessions.

The approach of the fishing season has caused a revival of Chinese smuggling, and according to reports received here they are being brought over in sloops, sailing from the British side at night, and if the sloops fail to reach their destination before daylight, they run into some cove, where they remain until darkness, when they continue to their destination.

The revenue cutter Grant is to cruise among the islands and to overhaul every sloop, and she has called for the

purpose of assisting the two revenue launches Scout and Guard to stop the smuggling of Chinese.

Washington, Feb. 14.—When the national American Woman's Suffrage association was called to order by President Catt for its second day's session there was but a slight falling off in the attendance, notwithstanding the intensely cold weather. Reports from the committee on credentials, board of auditors and the corresponding secretary were read and approved. The report of Harriet Taylor Upton, treasurer was submitted.

Mrs. French of Rhode Island gave notice of an amendment to the by-laws providing that whenever twenty

Susan B. Anthony stated that she had a little scheme for getting some money out of Uncle Sam. It was that when Mrs. Catt spoke before the congress on Tuesday of next week, she ask "leave to print." By this means she said the government will print the entire speech and it can be sent under governmental frank to every state in the union.

The afternoon session was devoted mainly to addresses by the state presidents.

A crowded audience greeted the members of the convention at the night session, which according to the program was to be "an evening with the new woman."

Violated City Ordinance.

St. Louis, Feb. 14.—Summons has been issued against E. W. Gilham, proprietor of the Empire hotel, in which 11 persons lost their lives last Sunday, commanding him to appear in the First district police court on Feb. 20, and show cause why he should not be punished for violating sections of the city ordinances which require fire escapes on hotels three stories or more high. The second entertainment in our course was the lecture, "The Sunny Side of Life," by Dr. James Hedley. He held the rapt attention of the vast audience for one and a half hours, entertaining it with eloquent sallies of wit and humor, and with most wholesome and delightful pictures of true contentment. COAL MINE DEAL.

Central Coal Company Buys Out Several Important Mines.

Kansas City, Mo., Feb. 14.—The General Coal and Coke company of Kansas City has purchased all the properties and business of the Kansas and Texas Coal company of St. Louis. The deal involves more than \$3,000,000 and makes the Central Coal and Coke company the largest concern of its kind west of Pennsylvania. The company will now own 45 coal mines in operation, employing 10,000 men, 23 company stores doing a mercantile business of \$2,000,000 a year; 2500 company houses used as homes for the miners and lumber workmen; 50,000 acres of coal lands in Missouri, Kansas, Indian Territory, Arkansas, Louisiana, Texas and Wyoming, lumber mills that produce 180,000,000 feet of lumber yearly and offices and agencies in every large city in the United States.

The capital stock of the new company will be increased from \$750,000 to \$7,000,000.

THE INTEREST PAID.

Galveston Pays on \$300,000 Sewer Bond Loan Due Feb. 1.

Galveston, Feb. 14.—The city of Galveston has paid interest on her \$300,000 outstanding 5 per cent sewer bonds, which became due Feb. 1. The interest amounted to \$7500, and was payable to Foder, Holzmann & Co. of Cincinnati, the firm which purchased the bonds. All money to pay interest on the bonds is held by the city in trust for the benefit of the bondholders, and if there is money in the various funds to pay the interest when due there is no alternative left except to pay the coupons when they are presented. The reason the interest on the other outstanding bonds has not been paid is because there is no money in the various funds created for this purpose.

COAL MINE DEAL.

Central Coal Company Buys Out Several
Important Mines.

Kansas City, Mo., Feb. 14.—The Gen-
eral Coal and Coke company of Kan-
sas City has purchased all the prop-
erties and business of the Kansas and
Texas Coal company of St. Louis. The
deal involves more than \$3,000,000 and
makes the Central Coal and Coke com-
pany the largest concern of its kind
west of Pennsylvania. The company
will now own 45 coal mines in opera-
tion, employing 10,000 men, 23 com-
pany stores doing a mercantile busi-
ness of \$2,000,000 a year; 2500 company
houses used as homes for the miners
and lumber workmen; 50,000 acres of
coal lands in Missouri, Kansas, Indian
Territory, Arkansas, Louisiana, Tex-
as and Wyoming, lumber mills that
produce 180,000,000 feet of lumber year-
ly and offices and agencies in every
large city in the United States.

The capital stock of the new com-
pany will be increased from \$750,000 to
\$7,000,000.

THE INTEREST PAID.

Galveston Pays on \$300,000 Sewer Bond
Loan Due Feb. 1.

Galveston, Feb. 14.—The city of Gal-
veston has paid interest on her \$300,-
000 outstanding 5 per cent sewer
bonds, which became due Feb. 1. The
interest amounted to \$7500, and was
payable to Foder, Holzmann & Co. of
Cincinnati, the firm which purchased
the bonds. All money to pay interest
on the bonds is held by the city in
trust for the benefit of the bondhold-
ers, and if there is money in the vari-
ous funds to pay the interest when
due there is no alternative left except
to pay the coupons when they are pre-
sented. The reason the interest on the
other outstanding bonds has not been
paid is because there is no money in
the various funds created for this pur-
pose.

phens, whose suicide in a New Or-

reward out for him is believed to have
been a hallucination.

Sensational Street Battle.

Richmond, Ky., Feb. 14.—A sen-
sational battle occurred in the streets
here between Jim Estell, Leslie Estell
and Shelton Chambers, as the result
of which Leslie Estell and Chambers
will probably die. The men were
drinking and quarreled about a tri-
vial matter. Revolvers were drawn
and 15 shots were fired in the fusillade
that followed. The affair created in-
tense excitement.

Killed in a Saloon.

Floresville, Tex., Feb. 13.—In the
saloon at the San Antonio and Aran-
sas Pass depot, Juan Alderete was
shot and fatally wounded. The man
lived only half an hour. The man
charged with the shooting made no
effort to escape and was promptly
jailed. He is Francisco Garza. The
cause of the shooting is not known.
The man shot was unarmed.

An Old Settler Dead.

Alvarado, Tex., Feb. 14.—R. P. San-
som, father of Hon. M. Sansom, died
here at the age of 82. Death was caused
by an ulcerated stomach. He set-
tled in San Augustine county, Texas,
in 1836, moved to Johnson county in
1859, and has since resided at this
place.

BUSINESS LEAGUE MEETING.

Free Baptist College—The Cannery—Aid for Cemetery Association.

The regular February meeting of the Bryan Business League was called to order on Tuesday night with Mr. W. S. Howell in the chair.

Minutes of the previous meeting were read and approved.

The treasurer made his monthly report, showing a balance on hand of forty dollars.

The committee on securing the location of Free Baptist College was reorganized, and is now composed of J. L. Fountain, T. A. Searcy, A. W. Buchanan, L. L. McInnis, Ed Hall, W. R. Johnston, J. L. Edge.

It is the purpose of the management to have this school open for next session, and the committee will lose no time in putting forth a strong effort to locate it in Bryan.

The cannery was discussed at some length, and Mr. S. H. Watson, of Brenham, who was present by invitation, gave some practical suggestions which were valuable along this line.

Mr. McDuff Simpson, secretary of the truck growers, stated that the farmers were much in earnest in an effort to secure the location of a cannery in Bryan, and would take stock in same.

The committee was instructed to proceed at once to ascertain how much stock the business men would take. Mr. Watson thought that \$1500 would be sufficient for local needs.

A request for aid from the Ladies' Cemetery Association was read, and the vote prevailed unanimously that the treasurer pay five dollars per month for 1902 for this work.

A committee was appointed to prepare suitable resolutions on the death of Evan Benbow.

The time having come when the stores close at 6:30 p. m., the suggestion was made that special effort be made to get the young men of the city to attend the league.

There being no further business, the meeting adjourned.

Valentines, principally of the comic variety, flew thick and fast yesterday and burdened Uncle Sam's mail bags. The sentiment which formerly clung around this anniversary has practically disappeared, presumably from being overworked, and from the further fact that modern youths are not so bashful as to need intervention from the good old saint in their love affairs. Rag-time songs are now a much more popular method for expression of the tender passion, while Valentine day is made an occasion for the exchange of caricatures and doggerl that, while amusing for children, are best described as hideous and fierce.

BUSINESS LEAGUE MEETING.

Free Baptist College—The Cannery—Aid for Cemetery Association.

The regular February meeting of the Bryan Business League was called to order on Tuesday night with Mr. W. S. Howell in the chair. Minutes of the previous meeting were read and approved.

The treasurer made his monthly report, showing a balance on hand of forty dollars.

The committee on securing the location of Free Baptist College was reorganized, and is now composed of J. L. Fountain, T. A. Searcy, A. W. Buchanan, L. L. McInnis, Ed Hall, W. R. Johnston, J. L. Edge.

It is the purpose of the management to have this school open for next session, and the committee will lose no time in putting forth a strong effort to locate it in Bryan.

The cannery was discussed at some length, and Mr. S. H. Watson, of Brenham, who was present by invitation, gave some practical suggestions which were valuable along this line.

Mr. McDuff Simpson, secretary of the truck growers, stated that the farmers were much in earnest in an effort to secure the location of a cannery in Bryan, and would take stock in same.

The committee was instructed to proceed at once to ascertain how much stock the business men would take. Mr. Watson thought that \$1500 would be sufficient for local needs.

A request for aid from the Ladies' Cemetery Association was read, and the vote prevailed unanimously that the treasurer pay five dollars per month for 1902 for this work.

A committee was appointed to prepare suitable resolutions on the death of Evan Benbow.

The time having come when the stores close at 6:30 p. m., the suggestion was made that special effort be made to get the young men of the city to attend the league.

There being no further business, the meeting adjourned.

PHILIPPINE QUESTION

Indications Are That a Vote will Be Reached Next Week.

NOTABLE SPEECHES.

Senators Teller and Mitchell the Principal Speakers—The House Again Passes the Bill as to the Election of Senators.

Washington, Feb. 14.—It appears likely, judging from a discussion of the subject in Thursday's session, that the vote on the Philippine tariff bill in the senate may be had next week, although the matter is involved in some uncertainty.

Mr. Teller of Colorado concluded his speech Thursday. He urged strongly that the Filipinos be given the fullest possible measure of self-government, the United States simply maintaining a protectorate over the islands. He said he would prefer that this government should withdraw absolutely and without condition from the archipelago than that the present war should be continued.

Mr. Mitchell of Oregon spoke in support of his amendment to reduce the tariff duties upon Philippine products coming into this country to 50 per cent of the Dingley rates, maintaining that congress owed this concession to the Pacific coast states as well as to the Philippines themselves.

The house has unanimously adopted a resolution proposing an amendment to the constitution of the United States for the election of senators by direct popular vote. This is the fourth time the house has adopted a similar resolution.

The senate bill to provide for the payment of the claims of Confederate officers and soldiers whose horses, side arms and baggage were taken from them by Union soldiers contrary to the terms of the surrender of Lee and Johnston's armies was passed. The amount to be paid under the bill was limited to \$50,000.

The house also passed a bill to confer on the Spanish claims commission authority to send for persons and papers and to punish for contempt.

Indian Appropriation Bill.

Washington, Feb. 14.—The Indian appropriation bill, which has been completed, carries \$8,844,500. The item for support of schools is \$3,247,920; for fulfilling treaty stipulations, \$2,102,157. The Dawes commission is reduced in membership from four to three, as it work will be completed in two years.

Among the general provisions is one forbidding the withholding of rations because of attendance at a non-government school; also requiring Indian Territory judges to reside at Muskogee.

The bill omits the usual appropriation for an Indian school at Grand Junction, Colo., owing to a local controversy, it being claimed that the government is made to pay for sewer and other improvements which the public enjoys. The estimate was \$44,725 for this school, but the bill cuts off the school entirely.

The committee added \$40,000 for an Indian exhibit at the Louisiana Purchase exposition at St. Louis.

Employment of Extra Clerks.

Washington, Feb. 14.—At the opening of today's session of the senate, the resolutions for the employment of extra clerks and messengers were favorably reported by the committee on contingent expenses. These called out a vigorous protest from Mr. Clay of Georgia. He pointed out that during the past 30 days more than 20 extra messengers and clerks had been employed at a salary of \$1440 each per year. He had been informed he said, nine of these employees were for committees that had not had a meeting in eight or ten years.

THE RANSOM PAID.

Release of Miss Stone and Mme. Tsilka Expected Any Time.

Constantinople, Feb. 14.—The ransom of Miss Ellen M. Stone and her companion, Mme. Tsilka, has been paid. The limit of the time allowed for the release of the captives has not yet expired, but their delivery to American agents are hourly expected.

Mrs. Davis at Jackson.

Jackson, Miss., Feb. 14.—Mrs. Jefferson, wife of the ex-president of the Confederacy arrived here this morning from Greenwood. She was met at the depot by Gov. Longino and the committee from the legislature and escorted to the executive mansion. Mrs. Davis will be the guest of the state for two days and will appear before the general assembly and offer "Beauvoir," the old Davis home near Biloxi, for \$10,000, be used as home for indigent Confederate soldiers.

Another Seat Comes High.

New York, Feb. 14.—A New York stock exchange seat has been sold for \$70,000. The high record price for New York stock exchange membership is \$80,000. This amount was paid a few weeks ago.

CONFLICTING REPORTS

Number Killed in Turner's Quarter House Raid Unknown.

IT MAY EXCEED TEN

Some of Those First Reported Killed Are Still Alive, but Badly Hurt. Turner Says He Will Rebuild His Quarters.

Knoxville, Feb. 14.—A special to the Journal and Tribune from Middlesboro, Ky., says:

The precise number of dead as a result of the battle at Turner's "Quarter House" Wednesday is now believed to be five. They are Charley Cecil, the Middlesboro deputy sheriff who was killed at the opening of the fight, Mike Welch, Frank Johnson, Perry Watson and Jeff Prader.

The last four men were buried in the same grave at the old Turner burying ground. Lee Turner, the proprietor of the fortress and saloon, which was burned, bought each a handsome casket. The men were his staunchest allies.

John Doyle, the town man who was thought to have been mortally wounded, will recover.

Tom Hopper, an old man who was with Turner's band, was shot three times but succeeded in reaching his home alive.

Lee Turner is now at the mines. He intends to rebuild his saloon and fort and says he will remain if he has to keep a standing army of 500 mountaineers within his palisades.

All is quiet tonight and it is believed for the present the trouble is over.

Bones were found in the ruins of the burned saloon but it is believed that they are not human.

Many are of the opinion that if the exact number of dead were known 10 would not cover it. A man named Russell, is said to be missing.

As many murders for years have been reported in and about the noted log house, surrounded by a barricade 30 feet high, there are many expressions of satisfaction over its destruction, although all regret the loss of life.

Quiet at the Quarter House.

Middlesboro, Ky., Feb. 14.—Quiet has been restored in the neighborhood of Lee Turner's "Quarter House," where the fight occurred Wednesday between Middlesboro officers and Turner's mountaineers, the ruins of the burned saloon and the stockade which surrounded it being the only reminder of the conflict which caused the death of five and probably six men, and wounding of three others.

According to the latest report the list of dead comprises: Charles Cecil, a deputy sheriff; Frank Johnson, Mike Welch, Jeff Prader and Perry Watson of Turner's forces.

The wounded are: John Doyle, deputy sheriff, probably fatally; Leon Hopper, and John Johnson, mountaineers, members of Turner's band.

Tom Russell, a Turner man, is missing.

Lee Turner is at Hancock, Tenn., and any demand for his surrender, it is believed, will result in another desperate battle.

The posse which made the attack on the Quarter House Wednesday evening has disbanded.

Insurance Men Disturbed.

New York, Feb. 14.—There are a number of leading fire insurance companies, or rather their representatives, who are seriously considering withdrawing from Texas, due, it is said, to the anti-trust law. It is understood here that the foreign companies have already withdrawn, preferring to do so rather than take the oath required under the law or the consequences in case of failure to comply.

Another Engagement at Sea.

Panama, Feb. 14.—The Colombian government ships left Panama Thursday morning, met the insurgent warship Padilla off Agua Dulce at 4 p. m. and fought her for one hour. The government gunboat Boyca was struck and slightly damaged. The Padilla was hit three times and sought protection from the insurgent guns ashore.

Killed at a Dance.

Denison, Tex., Feb. 14.—Will Julian, a young man at Checotah, I. T., was accidentally killed at a dance near Checotah. He went to a dance with his pistol in his pocket. While in a scuffle the pistol fell from his pocket and was discharged, striking the floor. The bullet entered Julian's mouth and passed through his brain.

Local Option Election.

Decatur, Tex., Feb. 14.—The commissioners' court ordered a local option election to take place on March 15 next. Prohibition has been in force in every precinct of the county for the last two years and the elections heretofore have alternated, first in favor of and then against local option.

Given Twenty-Five Years.

Georgetown, Tex., Feb. 14.—After being out 20 hours the jury in the Buckney murder trial brought in a verdict of guilty and fixed the punishment at 25 years in the penitentiary. Buckney shot John Viteck near Taylor last summer.

Tragedy in New Jersey.

New York, Feb. 14.—Philemon Crelin, a special officer at Milburn, near Orange, N. J. shot his daughter and himself and caused the death of his wife. Father and daughter are expected to die.

MUST WITHDRAW PROTEST

Insurance Companies Threatened With Being Expelled from Iowa.

Chicago, Feb. 14.—Auditor of State Merriam of Iowa has ordered 10 of the foreign fire insurance companies to withdraw protests they have filed with him or suffer the penalty of being refused certificates to transact business in Iowa the current year.

The difficulty, says the Record-Herald, arises over the three and a half per cent tax on gross premium receipts. They have given this tax to the treasurer and taken receipts therefor, and have filed the treasurer's receipts with the auditor, accompanied by remonstrances to the effect that the tax was paid under duress and stating they reserved the right to sue for recovery.

The auditor has informed them that he cannot accept receipts for money paid under duress, and claims that by virtue of the duress the receipts are vitiated. Unless the protests are withdrawn accordingly, the auditor has informed them no certificates will issue.

The companies object especially to the fact that companies organized in the United States outside of Iowa pay 2 1-2 per cent of their gross premium receipts, while they are discriminated against by having to pay 1 per cent more.

A bill is already before the legislature to reduce the tax on companies organized outside of the United States to 2 1-2 per cent.

LIBERTY'S TORCH.

The Government Will Extinguish Light Because of No Appropriation.

New York, Feb. 14.—Liberty's torch is to be put out. The lofty light in the hand of the bronze goddess standing on Bedloe island, in upper New York bay, that has been allowed to grow steadily dimmer since Bartholdi gave the magnificent statue to the United States, is to be permanently extinguished. Sentiment, it is said, which has kept the beacon burning all these years, can no longer keep it alight, and now the government will snuff it for all time.

The extinguishment of the torch has been received here in the form of a notice to mariners sent out by the lighthouse board of the treasury department. It states that on or about March 1, 1902, the light will be discontinued.

Installed on the island to furnish current for the torch there is a powerful electric plant, but it is unused. A few lamps of small power furnish barely enough illumination so that the beacon can be made out by passing mariners.

Lack of congressional appropriation is said to be the cause for discontinuing the light.

FIGHT FOR AN OFFER.

Trouble Likely to Occur Unless the State Take Prompt Action.

New York, Feb. 14.—The fight over the office of sheriff of Hamilton county, in the heart of the Adirondacks, has developed into a fight of another kind.

At the election last November, Locke, Democrat, was declared elected by the board of supervisors, but Kathman, the Republican candidate, carried the matter to the courts, charging frauds and irregularities, and the supreme court decided in his favor.

Meanwhile Locke had taken possession of the office, including the courthouse and jail, and refused to obey the order of the court and surrender to his rival.

Both claimants organized forces to secure the prize, and Locke, has, it is reported, fortified himself in the county jail, declaring the decision was wrong and will be reversed, and he does not propose to give up until the case has been determined by the court of last resort.

Meantime the country, which is inaccessible by railroad, is buried deep in snow, and there are fears that trouble may be precipitated before the state authorities can intervene to enforce the decision of the court.

Car Prince Will Ride In.

Wilmington, Feb. 14.—The Wilmington shops of the Pullman Palace Car company has completed the work on the car "Idler," which will be used by Prince Henry of Prussia and his suite during their tour of this country. The Idler is a combination observation and stateroom sleeper, and is one of the most palatial cars ever fitted out in the Wilmington shops. The interior decorations are of bronze and mahogany, and all rooms are lighted by electricity, and the upholstery is of blue plush and brown tapestry, and curtains of brown silk. Electric fans will cool the air in different compartments.

Marks Reported Seen.

New York, Feb. 14.—Laurie Marks, the American bookmaker who was charged with being implicated in the Liverpool bank frauds several months ago and who was supposed to have committed suicide by jumping from a channel steamer, has, according to a special from Springfield, Mass., been seen in that city. The name of the person alleged to have seen Marks is not made public, but the bookmaker formerly lived at Springfield, where he was well known.

Denies Express Combination.

San Francisco, Feb. 14.—In regard to the rumor that there will be a combination soon of the Wells-Fargo, Adams, American and the United States Express companies, Acting President Durlay V. Evans of the Wells Fargo company, when asked for a plain statement, said: "The thing is absurd. There may be such plan somewhere, but I know nothing of it, and have not heard of it."

PHILIPPINE QUESTION CONFLICTING REPORTS

Indications Are That a Vote Will Be Reached Next Week.

NOTABLE SPEECHES.

Senators Teller and Mitchell the Principal Speakers—The House Again Passes the Bill as to the Election of Senators.

Washington, Feb. 14.—It appears likely, judging from a discussion of the subject in Thursday's session, that the vote on the Philippine tariff bill in the senate may be had next week, although the matter is involved in some uncertainty.

Mr. Teller of Colorado concluded his speech Thursday. He urged strongly that the Filipinos be given the fullest possible measure of self-government, the United States simply maintaining a protectorate over the islands. He said he would prefer that this government should withdraw absolutely and without condition from the archipelago than that the present war should be continued.

Mr. Mitchell of Oregon spoke in support of his amendment to reduce the tariff duties upon Philippine products coming into this country to 50 per cent of the Dingley rates, maintaining that congress owed this concession to the Pacific coast states as well as to the Philippines themselves.

The house has unanimously adopted a resolution proposing an amendment to the constitution of the United States for the election of senators by direct popular vote. This is the fourth time the house has adopted a similar resolution.

The senate bill to provide for the payment of the claims of Confederate officers and soldiers whose horses, side arms and baggage were taken from them by Union soldiers contrary to the terms of the surrender of Lee and Johnston's armies was passed. The amount to be paid under the bill was limited to \$50,000.

The house also passed a bill to confer on the Spanish claims commission authority to send for persons and papers and to punish for contempt.

Indian Appropriation Bill.

Washington, Feb. 14.—The Indian appropriation bill, which has been completed, carries \$8,844,500. The item for support of schools is \$3,247,920; for fulfilling treaty stipulations, \$2,102,157. The Dawes commission is reduced in membership from four to three, as it work will be completed in two years.

Among the general provisions is one forbidding the withholding of rations because of attendance at a non-government school; also requiring Indian Territory judges to reside at Muskogee.

The bill omits the usual appropriation for an Indian school at Grand Junction, Colo., owing to a local controversy, it being claimed that the government is made to pay for sewer and other improvements which the public enjoys. The estimate was \$44,725 for this school, but the bill cuts off the school entirely.

The committee added \$40,000 for an Indian exhibit at the Louisiana Purchase exposition at St. Louis.

Employment of Extra Clerks.

Washington, Feb. 14.—At the opening of today's session of the senate, the resolutions for the employment of extra clerks and messengers were favorably reported by the committee on contingent expenses. These called out a vigorous protest from Mr. Clay of Georgia. He pointed out that during the past 30 days more than 20 extra messengers and clerks had been employed at a salary of \$1440 each per year. He had been informed he said, nine of these employees were for committees that had not had a meeting in eight or ten years.

THE RANSOM PAID.

Release of Miss Stone and Mme. Tsilka Expected Any Time.

Constantinople, Feb. 14.—The ransom of Miss Ellen M. Stone and her companion, Mme. Tsilka, has been paid. The limit of the time allowed for the release of the captives has not yet expired, but their delivery to American agents are hourly expected.

Mrs. Davis at Jackson.

Jackson, Miss., Feb. 14.—Mrs. Jefferson, wife of the ex-president of the Confederacy arrived here this morning from Greenwood. She was met at the depot by Gov. Longino and the committee from the legislature and escorted to the executive mansion. Mrs. Davis will be the guest of the state for two days and will appear before the general assembly and offer "Beauvoir," the old Davis home near Biloxi, for \$10,000, to be used as home for indigent Confederate soldiers.

Number Killed in Turner's Quarter House Raid Unknown.

IT MAY EXCEED TEN

Some of Those First Reported Killed Are Still Alive, but Badly Hurt. Turner Says He Will Rebuild His Quarters.

Knoxville, Feb. 14.—A special to the Journal and Tribune from Middlesboro, Ky., says:

The precise number of dead as a result of the battle at Turner's "Quarter House" Wednesday is now believed to be five. They are Charley Cecil, the Middlesboro deputy sheriff who was killed at the opening of the fight, Mike Welch, Frank Johnson, Perry Watson and Jeff Prader.

The last four men were buried in the same grave at the old Turner burying ground. Lee Turner, the proprietor of the fortress and saloon, which was burned, bought each a handsome casket. The men were his staunchest allies.

John Doyle, the town man who was thought to have been mortally wounded, will recover.

Tom Hopper, an old man who was with Turner's band, was shot three times but succeeded in reaching his home alive.

Lee Turner is now at the mines. He intends to rebuild his saloon and fort and says he will remain if he has to keep a standing army of 500 mountaineers within his palisades.

All is quiet tonight and it is believed for the present the trouble is over.

Bones were found in the ruins of the burned saloon but it is believed that they are not human.

Many are of the opinion that if the exact number of dead were known it would not cover it. A man named Russell, is said to be missing.

As many murders for years have been reported in and about the noted log house, surrounded by a barricade 30 feet high, there are many expressions of satisfaction over its destruction, although all regret the loss of life.

Quiet at the Quarter House.

Middlesboro, Ky., Feb. 14.—Quiet has been restored in the neighborhood of Lee Turner's "Quarter House," where the fight occurred Wednesday between Middlesboro officers and Turner's mountaineers, the ruins of the burned saloon and the stockade which surrounded it being the only reminder of the conflict which caused the death of five and probably six men, and wounding of three others.

According to the latest report the list of dead comprises: Charles Cecil, a deputy sheriff; Frank Johnson, Mike Welch, Jeff Prader and Perry Watson of Turner's forces.

The wounded are: John Doyle, deputy sheriff, probably fatally; Leon Hopper, and John Johnson, mountaineers, members of Turner's band.

Tom Russell, a Turner man, is missing. Lee Turner is at Hancock, Tenn., and any demand for his surrender, it is believed, will result in another desperate battle.

The posse which made the attack on the Quarter House Wednesday evening has disbanded.

Insurance Men Disturbed.

New York, Feb. 14.—There are a number of leading fire insurance companies, or rather their representatives, who are seriously considering withdrawing from Texas, due, it is said, to the anti-trust law. It is understood here that the foreign companies have already withdrawn, preferring to do so rather than take the oath required under the law or the consequences in case of failure to comply.

Another Engagement at Sea.

Panama, Feb. 14.—The Colombian government ships left Panama Thursday morning, met the insurgent warship Padilla off Agua Dulce at 4 p. m. and fought her for one hour. The government gunboat Boyca was struck and slightly damaged. The Padilla was hit three times and sought protection from the insurgent guns ashore.

Killed at a Dance.

Denison, Tex., Feb. 14.—Will Julian, a young man at Checotah, I. T., was accidentally killed at a dance near Checotah. He went to a dance with his pistol in his pocket. While in a scuffle the pistol fell from his pocket and was discharged, striking the floor. The bullet entered Julian's mouth and passed through his brain.

Local Option Election.

Decatur, Tex., Feb. 14.—The commissioners' court ordered a local option election to take place on March 15 next. Prohibition has been in force in every precinct of the county for the last two years and the elections heretofore have alternated, first in favor of and then against local option.

Given Twenty-Five Years.

Georgetown, Tex., Feb. 14.—After being out 20 hours the jury in the Buckley murder trial brought in a verdict of guilty and fixed the punishment at 25 years in the penitentiary. Buckley shot John Viteck near Taylor last summer.

Tragedy in New Jersey.

New York, Feb. 14.—Philemon Crelin, a special officer at Milburn, near Orange, N. J. shot his daughter and himself and caused the death of his wife. Father and daughter are expected to die.

MUST WITHDRAW PROTEST

Insurance Companies Threatened With Being Expelled from Iowa.

Chicago, Feb. 14.—Auditor of State Merriam of Iowa has ordered 10 of the foreign fire insurance companies to withdraw protests they have filed with him or suffer the penalty of being refused certificates to transact business in Iowa the current year.

The difficulty, says the Record-Herald, arises over the three and a half per cent tax on gross premium receipts. They have given this tax to the treasurer and taken receipts therefor, and have filed the treasurer's receipts with the auditor, accompanied by remonstrances to the effect that the tax was paid under duress and stating they reserved the right to sue for recovery.

The auditor has informed them that he cannot accept receipts for money paid under duress, and claims that by virtue of the duress the receipts are vitiated. Unless the protests are withdrawn accordingly, the auditor has informed them no certificates will issue.

The companies object especially to the fact that companies organized in the United States outside of Iowa pay 2 1-2 per cent of their gross premium receipts, while they are discriminated against by having to pay 1 per cent more.

A bill is already before the legislature to reduce the tax on companies organized outside of the United States to 2 1-2 per cent.

LIBERTY'S TORCH.

The Government Will Extinguish Light Because of No Appropriation.

New York, Feb. 14.—Liberty's torch is to be put out. The lofty light in the hand of the bronze goddess standing on Bedloe island, in upper New York bay, that has been allowed to grow steadily dimmer since Bartholdi gave the magnificent statue to the United States, is to be permanently extinguished. Sentiment, it is said, which has kept the beacon burning all these years, can no longer keep it alight, and now the government will snuff it for all time.

The extinguishing of the torch has been received here in the form of a notice to mariners sent out by the light house board of the treasury department. It states that on or about March 1, 1902, the light will be discontinued.

Installed on the island to furnish current for the torch there is a powerful electric plant, but it is unused. A few lamps of small power furnish barely enough illumination so that the beacon can be made out by passing mariners.

Lack of congressional appropriation is said to be the cause for discontinuing the light.

FIGHT FOR AN OFFER.

Trouble Likely to Occur Unless the State Take Prompt Action.

New York, Feb. 14.—The fight over the office of sheriff of Hamilton county, in the heart of the Adirondacks, has developed into a fight of another kind.

At the election last November, Locke, Democrat, was declared elected by the board of supervisors, but Kathman, the Republican candidate, carried the matter to the courts, charging frauds and irregularities, and the supreme court decided in his favor.

Meanwhile Locke had taken possession of the office, including the courthouse and jail, and refused to obey the order of the court and surrender to his rival.

Both claimants organized forces to secure the prize, and Locke, has, it is reported, fortified himself in the county jail, declaring the decision was wrong and will be reversed, and he does not propose to give up until the case has been determined by the court of last resort.

Meantime the country, which is inaccessible by railroad, is buried deep in snow, and there are fears that trouble may be precipitated before the state authorities can intervene to enforce the decision of the court.

Car Prince Will Hide In.

Wilmington, Feb. 14.—The Wilmington shops of the Pullman Palace Car company has completed the work on the car "Idler," which will be used by Prince Henry of Prussia and his suite during their tour of this country. The Idler is a combination observation and stateroom sleeper, and is one of the most palatial cars ever fitted out in the Wilmington shops. The interior decorations are of bronze and mahogany, and all rooms are lighted by electricity. The upholstery is of blue plush and brown tapestry, and curtains of brown silk. Electric fans will cool the air in different compartments.

Marks Reported Seen.

New York, Feb. 14.—Laurie Marks, the American bookmaker who was charged with being implicated in the Liverpool bank frauds several months ago and who was supposed to have committed suicide by jumping from a channel steamer, has, according to a special from Springfield, Mass., been seen in that city. The name of the person alleged to have seen Marks is not made public, but the bookmaker formerly lived at Springfield, where he was well known.

Denies Express Combination.

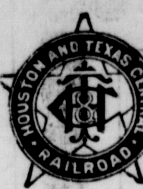

San Francisco, Feb. 14.—In regard to the rumor that there will be a combination soon of the Wells-Fargo, Adams, American and the United States Express companies, Acting President Durlay V. Evans of the Wells Fargo company, when asked for a plain statement, said: "The thing is absurd. There may be such plan somewhere, but I know nothing of it, and have not heard of it."
